

MEDICAL SAFES

- Safes for medicine, medical boxes.

MS 1

MS 5

Medical steel safes are constructed not only for hospitals or emergency rooms, but also for private medical offices or manufacturing companies. Medicine safes protect medicines and documents against unauthorised persons.

- ✔ Medicine safes are constructed for hospitals, clinics, medicine stores, etc.
- ✔ The safes are made in 1,25 mm steel thickness.
- ✔ Can be produced after the client individual requirements and needs.
- ✔ The safes are equipped with Euro key locks. Master key system as option.
